SPACE COWBOY

A space-western ball sport: hovercrafts instead of cars, in a desert from a late-'90s anime, with an interface that feels like Radical Ed wired it together.

VISUAL DIRECTION
MOOD BOARD // 01

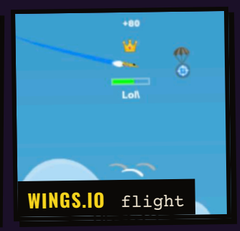

WHERE IT COMES FROM 参考

COWBOY BEBOP dusk, silhouette, melancholy

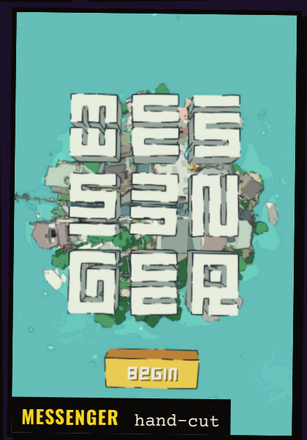

ROCKET LEAGUE ball, goals, speed

WINGS.IO flight

MESSENGER flat, inked

MESSENGER hand-cut

BEBOP playful + sad

BEBOP navy + amber

Why Ed. A young creative technologist who experiments, breaks things and keeps having fun. Her joy over a melancholy dusk is the tone of the whole game.

THE GAME TODAY ゲーム

captured from the Unity build

DAY the field, the ball, and a dusty desert horizon

NIGHT deep purple sky, a dim moon, the same world

banking past the ball

RISE 3D flight

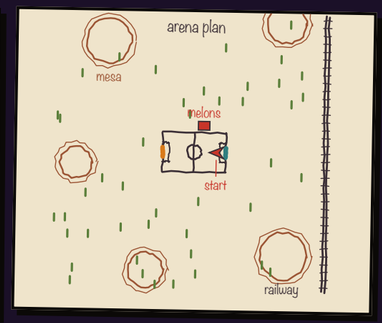

MUSHROOM SAMBA the roadside melon stand

abandoned goals in the sand

a steam train on the horizon

HOW IT'S DRAWN 線

shadow | mid | lit

Three flat bands from one light. Shadows go cool, never grey.

ink on silhouettes and creases

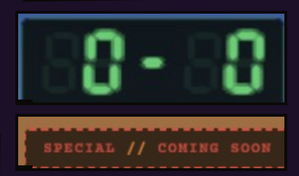

INTERFACE 画面

ED'S SCREEN start menu

CONTROLS onboarding page

PLAYFUL + DARK 危険

dusty sunsets · neon on navy · hand-inked edges
familiar sport, strange machines · jazz-noir quiet
dense, layered, a little crooked: never corporate
